

**GAS BUMP SNUFFS OUT
FERNIE MINERS' LIES—SIX
DIED IN DISASTER AT COAL
CREEK WHEN OVERTAKEN
BY DEADLY FUMES; VALIANT
WORK BY RESCUE PARTIES**

The dead in Thursday's mine disaster at Fernie are:

Peter Dowie, married.

Tony Casals, married.

Joseph Szolnik, married.

George Perkins, Sr., married.

Tony Szolnik, married.

Tony Degoria, married.

Fernie, B. C., Aug. 31.—Gloom has again been cast over this coal mining centre due to a disaster in No. 1 east mine, Coal Creek, which occurred at eleven o'clock Thursday morning, snuffing out the lives of six workers.

The cause of the tragedy is technically assigned as having been a blow-out of gas from the working face in No. 16 slope, and the deadly fumes immediately spread over a very large district of the mine.

Slight Warning

The victims, according to reports of the mine rescue crews who recovered the bodies, in all cases must have had some slight warning of the impending outburst, because they had receded from their working places some distance from the source where they were overtaken by the fatal fumes. Hundreds of tons of finely broken coal were blown out from the source of the blow-out caving in the entries and passages, making it impossible for rescue parties to penetrate underground to the innermost points in order to ascertain damage to workings and possibly the cause of the gas blow-out. An indication of the widespread area of the mine affected by the deadly fumes was shown by the finding of a suffocated horse two thousand feet from the assumed point of origin.

200 Men in Mine

Two hundred men were employed in the workings and all but six victims had time to make their way to the surface unharmed after the occurrence, while numbers of fellow mine workers stood by to render assistance. Several rescue workers were temporarily overcome by the fumes and over-exertion in their endeavor to release the entombed men. The first three bodies were brought to the surface around four o'clock, some five hours after the blast. The last three were brought out shortly after six o'clock.

Valiant Work by Rescue Parties

Fernie and Coal Creek mine rescue parties valiantly plunged into the stricken mine immediately after the occurrence, while numbers of fellow mine workers stood by to render assistance. Several rescue workers were temporarily overcome by the fumes and over-exertion in their endeavor to release the entombed men. The first three bodies were brought to the surface around four o'clock, some five hours after the blast. The last three were brought out shortly after six o'clock.

Robert Strachan, Sr., mine inspector, hurried to the scene and acted in an advisory capacity. He was assisted by Inspector Minard while J. J. Macleod, in charge of the Fernie mine rescue station, was in charge of rescue apparatus. This was rushed to the collieries by special train.

James Dickson, chief inspector of mines for British Columbia, left Victoria last night for the scene of the disaster. He will arrive Saturday morning.

Inquest Under Way

Coroner Burke ordered an inquest to convene last evening when, after formal viewing of the bodies, an adjournment was made before evidence is taken.

It is slightly over eleven years since anything of so serious a nature has occurred to the collieries of the Crow's Nest Pass Coal Co. here. In April, 1917, thirty-five miners lost their lives in an explosion.

**OFFICIAL WHEAT POOL STATE-
MENT REGARDING INITIAL
PAYMENTS — EFFECTIVE
AUGUST 29, 1928**

The Central Selling Agency issued an official statement August 29th by E. B. Ramsay, Secretary and Manager, announcing that the initial payment for the 1928-29 crop will be 85 cents a bushel, basis No. 1 Northern, at Fort William and Vancouver.

"The Wheat Pool Board in taking this step is following the same consistent policy pursued from the formation of the Pool," Mr. Ramsay stated.

"The initial payment made by the Alberta Pool when it began operations in 1923 was 75 cents per bushel. The initial payment for the 1928-29 crop was \$1.00 a bushel. The initial payment has always been based upon market conditions at the opening of the crop year and bears no relation to the price per bushel ultimately received by the Pool members.

Old Crop Sold Out

"We are starting the new crop year practically sold out. The rumours which have been circulating during the past summer in respect to the large stocks of wheat held by the Pool are therefore refuted.

"The recent Pool interest payment which brought the payment already made to our members for the last year's crop up to \$1.40 per bushel, basis No. 1 Northern at Fort William and Vancouver, should have made any reference to such absurd rumours unnecessary. The endorsement of the Pool by the great majority of grain growing farmers of Western Canada who have signed up for another five year term is sufficient proof that the faith of our members in orderly marketing has not been shaken."

Question of Good Business

The above statement is self-explanatory. The drastic drop in wheat prices has resulted in a decision to lower the initial Pool price. It is a question of sound judgment and good business. There need be no occasion for alarm among Pool members. On the contrary, members may feel fortunate that their organization is operating this crop year.

The first duty of the Wheat Pool directors is to see to the safety of the organization. That is the prime motive behind the reduction of the initial price. The directors are entrusted with a vast responsibility. They dare not take any stand that would endanger the Wheat Pool. Thoughtful and reasonable Pool members will at once realize the soundness of the position taken by those into whose care the Pool is entrusted.

The probability is that the enemies of the Wheat Pool will at once commence an attack on the organization. In the past members have stood by their guns and refused to be stampeded. They will be well advised to continue to resist anti-Pool propaganda at this time. The crop year has only begun. The harvest of 1928 has not been marketed as yet!

The combination of events which has resulted in rapidly falling wheat prices can in no way be attributed to the Wheat Pool. The Pool wheat from the 1927 crop was sold efficiently. The Pool carryover was a nominal one. It was the non-Pool carryover of Canadian wheat that caused a great deal of the damage.

A Policy of Safety

The Wheat Pool has never guaranteed an initial payment, an interim payment, or a final payment. It has the Pool ever claimed it could fix the price of wheat at a given point. These statements are well-known facts. What the Pool does guarantee is that the members receive a fair average price covering a year's operations. Without a Wheat Pool the farmers of Western Canada would be in a far more serious situation right now. They would be faced with the necessity of dumping a large crop on a saturated market over which the "bearish" element has gained a nominal control. With the Pool functioning the farmers may have hope and confidence.

While the Wheat Pool directors very naturally would have preferred to have retained the initial payment at the \$1.00 figure, it was a policy outlined by safety and good business principles in reducing the amount. They are custodians of the property and interests of Pool members and as such, are guided by a policy founded on common-sense.

**HEALTH SERVICE OF THE CAN-
ADIAN MEDICAL ASSOCI-
ATION—CANCER**

With the knowledge that we now possess, the cure of cancer is not only possible when the disease is recognized early and proper treatment started at once.

One of the reasons for advising that every person should go to his family physician once a year for a Health Examination is to provide for the discovery of disease in its early stages, and so permit of treatment at a time when it offers the best chance of cure. Otherwise, it is left to the untimely lay person to decide for himself that he is in need of medical care.

For the particular benefit of this latter group, it is necessary to point out the conditions which, if they occur, should be considered as danger signals, and should turn these persons in the direction of their family physician without delay. Everyone who experiences one of the danger signals is not developing cancer, but it requires medical skill to decide whether or not the symptoms which are present mean cancer.

In its early stages, cancer is a local condition, and, if it is completely removed, there will be no recurrence. If it is not removed, it spreads to other parts of the body

**EIGHTH CROP REPORT—ISSUED
BY DEPARTMENT OF AGRICULTURE,
GOVERNMENT OF ALBERTA,
EDMONTON, SEPT.
1st, 1928**

Broken weather during the first two weeks in August retarded the ripening of crops and delayed harvesting a few days. The warm weather of the past ten days has, however, been beneficial in drying the grain for cutting, and in ripening the late grains, and cutting is now general over the entire province. The Peace River country reports 75% of cutting done and threshing expected to be general by next week. Central and southern parts of the province report 25 to 30% of cutting done. Very little threshing has been done in the province to date and no estimate can be made at the present time of the yield of the different grains. We do not anticipate, however, any increase in total yield of wheat over that of 1927. The quality of the grain being harvested throughout the province is good.

Frosts have occurred in almost all parts of the province but these have been confined to small areas and the average percentage of damage from frost for the province will be small, not more than 10% at the most. Hail damage has been heavy also in a few districts but the average for the province will be less than last year. The percentage is estimated to be approximately 14% of the insured acreage as against 17% last year. The crop in general has been singularly free from disease and insect pests.

Labor appears to be plentiful throughout the province, wages running from \$3.50 to \$5.00 per day. Swathing machines and combines are being used more generally in the province than was the case last year and harvesting should go forward rapidly.

The acreage sown to wheat will be less than estimated at the beginning of the season owing to the dry weather at wheat seeding time. This grain, however, was sown to coarse grains and the total acreage of the province is approximately the same as estimated.

The best crop of Southern Alberta is progressing well and promises a good yield per acre.

and may cause cancer in these other parts. This is the simple explanation of the need for proper early treatment.

Some of the best of the early stages. The person who thinks that the condition cannot be serious because the doctor has said it is not, and, as a result he may allow the time for cure to slip past.

Medical and surgical knowledge, experience and skill are at the service of the public, but they must wait until the public decide to call upon them.

Pain may not occur in the early stages. The person who thinks that the condition cannot be serious because the doctor has said it is not, and, as a result he may allow the time for cure to slip past.

Questions concerning Health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

**CARE OF FRUIT-BEARING
PLANTS AT THE TIME
OF PLANTING**

Results at the Experimental Farm Indian Head, indicate that trees of cherries, raspberries, plums, and currants, and currant and gooseberry bushes, may be purchased in the fall just before or after leaf-fall. They should be heeled in (by heeling-in is meant the practice of deeply covering the roots in a trench, in bundles or in "extended order" where there is good drainage, and yet sufficient moisture to prevent the plants drying out).

It is better to plant the bushes before the back have fallen, certainly before the leaves are in full fall, these plants should be carefully dug, and set out in their permanent places in the garden, care being taken to keep the roots moist. By placing a good-sized spade of wet soil immediately over the roots at the time of planting an early start to growth will also be assured. Further pruning should not be necessary until the following year.

Spring is recognized as the best time to obtain strawberry and raspberry plants. If strong new runner plants of the former fruit can be obtained, however, fall planting may be successful provided the ground is well supplied with moisture, and provided also planting is done not later than the first week in September.

Strawberry and raspberry plants should be removed from the shipping bundle immediately after they are received and given a good watering. Planting should be done as soon as possible. The proper depth to plant is very important in strawberry growing, the crown just level with the surface of the ground being correct. Here again no pruning is required, but water should be given if the soil is inclined to be dry.

In light soils raspberry plants should be set deeper than the depth prevailing in the nursery, otherwise the same mark may be the guide in determining the depth to plant. Immediately after planting all canes should be cut back to within eight inches of the ground. The object in doing this is to permit the production of as many strong canes as possible. On these fruit will be borne the following year.

Motor buses and trucks are supervising pack animals and bull carts in the Philippines. Evidently progress in the islands is on the highway to achievement.

Bulgaria has ninety miles of roses in bloom with means to supply perfume to the world. Making hay while the sun shines there means "gather ye rosebuds while ye may."

**NAVAL TREATY IS NOT
SECRET**

Paris, Aug. 31.—Interviewed by the *Matin*, Minister of Marine Georges Layrue categorically denied that the Franco-British tentative naval accord contained any secret clause or agreement for joint naval or military action.

He further denied that it embodied even the slightest infringement of the Washington naval convention, but said he cannot explain the exact terms of the agreement until the other naval powers have commented upon it.

All governments eventually will have opportunity to study the text and, he said, in continuing:

"I defy anyone to find in it anything that is not clear, frank and loyal."

The *Matin* says the accord was suggested by France at Geneva, the British admiral, Kelly, and that later the chief of the British naval staff came to Paris and reached an agreement with him in 24 hours.

The paper declares the agreement is arousing suspicion because it is so simple. One power already has approved it in principle, the *Matin* understands.

Inactive sympathy doesn't help the fellow who is down.

**NEW NATURAL GAS RATE TO
BE 33 CENTS NET—AGREE-
MENT TO RUN UNTIL 1932**

Calgary, Aug. 31.—A domestic gas rate of 33 cents per thousand cubic feet will be recommended by the city commissioner to the city council as the basis of agreement which has been reached between the city's representatives and representatives of the Canadian Western Natural Gas, Light, Heat and Power Company, after lengthy negotiations and a detailed study of the situation in which Mayor Osborne, Commissioner Graves and City Solicitor Brockington have been assisted by City Auditor F. M. Harvey.

It is understood that the basis proposed is satisfactory to the company and will be made the subject of an order to the Board of Public Utilities if it is accepted and ratified by the city council.

THU APRIL, 1932

The period for the rate, if it is accepted by the city council, will extend until April 1, 1932, and the agreement will be subject to a continued adequacy of supply.

Mayor Brockington and City Solicitor Ball, representing Lathbridge; Mayor McDonald, representing Macleod and Claresholm, and Mr. Carvill, representing Grange, met Mayor Osborne, Commissioner Graves and Solicitor Brockington at C. J. North and H. R. Milner of Edmonton, representing the company, at the city hall on Thursday.

Like magic, and the battlers go capturing out to do their turn.

"Lady Be Good," as a musical comedy, had a long run in virtually every large city in America, and its success promises to be duplicated on the screen.

Within the last few years musical comedies have been the inspiration for many successful pictures, mainly of the farcical type.

First National produced "Irene" and "Sally," both with Colleen Moore in the starring role, and Miss Moore is scheduled to start in "Oh Kay" in the near future.

"Lady Be Good" was directed by Richard Wallace.

Supporting cast includes John Miljan, Det. Farley, Nita Martin, Yola d'Avril, Eddie Clayton, Jay Eaton and others.

"KIT CARSON" IS FILM EPIC—
FRED THOMPSON DOES TWO
CHAPTERS IN LIFE BOOK OF
SCOUT

Spectacular backgrounds, mass movements of whites and Indians, struggles between trappers and the red men, with Fred Thompson and his white horse, Silver King, at their best, combine to make "Kit Carson" one of the outstanding pictures of the season. Carson's life was a series of thrills and Mr. Thompson has skillfully chosen many of them in building up a remarkably dramatic story for his Paramount special which will be at the Empress theatre Monday and Tuesday.

Two pleasing love stories are threaded into the drama—one with a pretty Indian girl, the latter with a Spanish woman. This latter is played by Nora Lane, who first leaped into prominence as "Jesse James," and later added to her laurels in "The Pioneer Scout." The Indian girl, a newcomer, is Dorothy Janis.

Old William Courtright, who portrays the now famous loveable character, takes care of the sombre moments of the film. And Raymond Turner as "Smoky" furnishes plenty of comedy relief. Raoul Paoli as the French-Canadian trapper and rival of Kit Carson does an admirable piece of work.

The film version of the two romantic episodes in the life of this famous Indian scout and military leader is authentically done, the intensive research work undergone by Mr. Thompson in setting it on the screen, being manifested realistically. It compares favorably with any of the big Western specials produced by any film company in recent years. It's a Paramount picture.

**BEBE DANIELS' PROGRAM IS
FILLED WITH ACTION**

Action is what Bebe Daniels craves and her program for the next few months calls for plenty of it. Her new starring picture, "Hot News," opens Friday at the Empress theatre.

What a field opened up for the dashing comedienne who is never so happy as when poised in perilous positions in front of the motion picture camera!

Clarence Badger, who has been associated with Miss Daniels throughout many of her screen hits, directed the star in "Hot News." Badger recently completed "The Fifty-Fifty Girl" with her.

**COMING EVENTS
FORESHADOWED**

CHRIST CHURCH (ANGELICAN)

The Women's Auxiliary will meet in the Parish Hall on Monday next, September 10th, at 4 o'clock in the afternoon.

The congregation of St. Andrew's Presbyterian Church will meet on Monday evening, Sept. 10th at 8 o'clock for the purpose of considering the question of a Call to a Minister to fill the vacancy in the Church. A full attendance of the members and adherents is especially requested by the Interim Moderator, the Rev. W. E. Kelley, Lethbridge, and the Session of St. Andrew's Church.

Friday afternoon, and it is believed that the various representatives will recommend a similar settlement to the councils of their respective municipalities.

Must Be Ratified

The matter will be covered in a detailed report to be made by the council members to the council, and in case of ratification, the affirmation by the Utilities Board is confidently expected.

This reduction involves a decrease of five cents per thousand cubic feet in the first two classifications of gas rates, the price for the first of which is now 38 cents and the price for the second of which is 35 cents. The rates at present prevailing for gas used for industrial purposes are not affected by this agreement.

**FIRST DEFINITE CLUE RE-
GARDING FATE OF
AMUNDSEN**

Tromsø, Norway, Sept. 1.—The first definite clue to the fate of Roald Amundsen and five men who accompanied him on his expedition to cross members of the Noble Arctic party was brought here today. It was a float from the souplane in which the adventurers started for Spitzbergen on June 18. The relic was found by a Norwegian fishing vessel, the *Broad*. It was picked up near the Fugle Islands, a rocky group off this point. Officers of the steamer, Michael Sars and the French naval attaché, identified the float as belonging to the French naval seaplane Latham in which Amundsen rode with Rene Guilbaud as pilot.

Six Were Lost

Comparison of the float with the photographs of the plane tended to confirm the identification.

Besides Amundsen and Guilbaud, the plane carried Lt. Lief Dietrichsen and three French navy men comprising the regular crew of the plane.

The *Broad*, which had been operating off Vann Island put into Tromsø Saturday morning. Captain Thue told the authorities that he had picked up the float last night, eight miles northwest of Hønsberg lighthouse on the northwest side of Vann Island.

The French consul in Tromsø, paroled the pontoon with photos of the Latham and said there was no doubt that it had been part of the Amundsen plane.

Last Hope Given Up

Oslo, Norway, Sept. 1.—Discovery of the pontoon from the Amundsen plane is proof that he and his five companions have perished in the opinion of Captain Otto Sverdrup, noted Arctic explorer.

He believes that the disaster occurred before the big Latham seaplane reached Bear Island on its flight from Tromsø. He has this fact that there were many fishing vessels near the island at that time but none of them saw the plane or found traces of it in that neighborhood.

The captain accounted for the pontoon's discovery on the outer Fugle Islands by saying that it was very light and therefore the winds, which have been from the northwest all summer, would drive it toward the Norwegian coast despite ocean currents setting in a different direction.

**REPORT OF ALBERTA WOMEN'S
INSTITUTE — MACLEOD-
CLARESHOLM CON-
STITUENCY CON-
FERENCE**

The eighth annual conference of this constituency was held at the School of Agriculture on Saturday, September 1st with a good representation.

The Conference opened at 10 a. m. with the Constitution Convener in the chair. O. Canada was sung. The Club Women's Creed was read, followed by the Lord's Prayer led by Mrs. Ross of Grange.

Address of welcome was given by Mayor Ringrose of Claresholm. Greetings from the Press by Mr. King, the local Editor, The W. C. T. U. by Mrs. Morrow of Claresholm and the U. E. W. A. by Mrs. Salmon of Claresholm. Mrs. Rowe of Ardenville very fittingly replied to the address and the greetings. Mrs. Huyck, the Provincial President and Mrs. Alcock, the District Director were both present and made a few pleasant remarks, their addresses to follow later.

The address by the Constituency Convener, Mrs. Mulholland, summed up the year's work, spoke of the increased membership, the pleasure in the girls club work and other matters of interest to the conference. Miss Sandford then sang a lovely solo.

Reports from the following branches were read: Grange by Mrs. Jell, Willow Creek by Mrs. Reynolds, Starline by Mrs. O. Mosley, Macleod by Mrs. F. Faggett, and Standoff by Mrs. Rose. Mrs. O. Mosley represented the conference and reported for lunch, meeting again at 2 p. m. with assembly singing led by Mrs. Ross with Miss E. Craig at the piano.

The first hour was given to Girls Club work, greetings were given by Miss Margaret Fredrickson. Mrs. Mulholland gave a short address, followed by the Club reports. Jubilee City G. C. of Macleod to very active branch by Miss Hope Dillingham with a reading by Mrs. Hamilton. The Blue Bird G. C. of Claresholm by Miss Anna Fredrickson with a reading from little Miss Audrey Gundersen and Starline G. C. of Claresholm by Miss Ruby Davies with a piano solo by Miss Charlie Mulholland. The Harmony Girls Club of Grange not present.

Reports of the standing committees were next in order. Child welfare and Better Health by Mrs. J. C. Strang of Claresholm. Education and Better Schools, Mrs. Rowe of Ardenville. Immigration Mrs. Hart of Claresholm. House-hold Economics, Mrs. Greenwood of Macleod. Mrs. Perry, not being present. Agriculture, Mrs. Mosley of Claresholm.

**HUGH D. "HUGHIE" McILLAN,
OF COWLEY, SUCCESSFUL SUB-
DENLY WELL-KNOWN WEST-
ERN OLD TIMER AND PROM-
INENT MASON DIES OF
HEART ATTACK**

Cowley, Sept. 3.—It was a real shock to the community to learn that Hugh D. McMillan of Cowley had been found dead in his bed on Sunday morning. He had evidently passed away in his sleep, the cause being heart failure. He had been out to Waterton Lakes on Saturday evening and was apparently in good health. Returning, he stopped off at Pincher Creek and died there.

The deceased was probably one of the best known hotel proprietors in the province and was popularly known to every traveller in the country as "Hughie".

He was born in Glenora, Ontario, on Jan. 31, 1867. When 18 years of age he went to Helena, Mont. Two years later he travelled out to Fort Steele and was there for some time. In 1903 he came to Cowley, where he was owner of the Cowley hotel until a few months ago, when he sold out to the present owner. For many years he was prominent in Masonic and Shrine circles, a member of the A. F. and A. M. Chinook Lodge, Cowley, and the Al Azhar Shrine, Calgary.

He was predeceased many years ago by his wife, later by his daughter, and is survived by two sisters, Mrs. (Dr.) Hoyt of Glasgow, Mont., and Mrs. Barnhart of Cornwall, Ont., and by an only brother, James, of Butte, Mont.

Funeral arrangements have not yet been completed.

Canadianization and National events. Mrs. Tilden of Grange. Neither Legislature by Mrs. Whipple of Macleod nor Canadian Products by Mrs. White of Macleod were reported, these ladies not being present. Assembly singing broke the monotony of reports.

Mrs. Alcock then addressed the meeting in her usual pleasant and interesting style, touching on the responsibility of each member to ward the bettering of womanhood, the saving of mothers, social intercourse with our foreign sisters and our Institute. Mrs. J. Amundson then favored the conference with a vocal solo and encore which was much appreciated. Mrs. Huyck then addressed the meeting, on the with spoke quite lengthily on the withdrawal of government support, Alberta being the first Province to go on her own. The Women's Institute of Alberta making institute history and several other important matters closing with a short explanation of the word "Community" and the part in each hand in it. A vote of confidence in our Provincial Board was moved and carried.

A sumptuous banquet closed the afternoon session. The dining room and tables were beautifully decorated in purple and white, a miniature airplane drawing considerable attention by the two girls clubs, Blue Birds and Starline, assisted by their Supervisors, Mrs. H. Mosley and Mrs. E. Toome. Toasts and a short program as follows: Toast to the King, Mrs. Strang. To Our Guests, Mrs. Johnson, with Mrs. Greenwood replying. To The Women's Institute, Mrs. Mulholland, with Mrs. Huyck replying. Two to five minute addresses by Mrs. Ross of Grange and Mrs. Sutherland of Macleod (two former conveners), Mrs. Alcock, Mr. G. B. Walker, M. L. A., Rev. Mr. Dalrymple and Rev. Mr. Barlow with several solos and duets by Mr. and Mrs. Laurie. God Save the King brought to a close a very successful conference. A note of thanks was extended to all who had helped make it such.

Officers for 1928-29

Constituency Convener, Mrs. D. Mulholland, Claresholm (re-elected). Secretary—Mrs. F. H. Laing, Claresholm.

Standing Committees—Child Welfare and Better Health, Mrs. J. C. Strang, Claresholm; Education and Better Schools, Mrs. Rowe, Ardenville; Legislature—Mrs. Whipple, Macleod; Household Economics, Mrs. Vant, Grange; Immigration, Mrs. Hart, Claresholm; Canadianization and National Events, Mrs. Tilden, Grange; Agriculture, Mrs. O. Mosley, Claresholm; Canadian Products, Mrs. Sutherland, Macleod.

The eighth annual conference of this constituency was held at the School of Agriculture on Saturday, September 1st with a good representation.

The Conference opened at 10 a. m. with the Constitution Convener in the chair. O. Canada was sung. The Club Women's Creed was read, followed by the Lord's Prayer led by Mrs. Ross of Grange.

Address of welcome was given by Mayor Ringrose of Claresholm. Greetings from the Press by Mr. King, the local Editor, The W. C. T. U. by Mrs. Morrow of Claresholm and the U. E. W. A. by Mrs. Salmon of Claresholm. Mrs. Rowe of Ardenville very fittingly replied to the address and the greetings. Mrs. Huyck, the Provincial President and Mrs. Alcock, the District Director were both present and made a few pleasant remarks, their addresses to follow later.

The address by the Constituency Convener, Mrs. Mulholland, summed up the year's work, spoke of the increased membership, the pleasure in the girls club work and other matters of interest to the conference. Miss Sandford then sang a lovely solo.

Reports from the following branches were read: Grange by Mrs. Jell, Willow Creek by Mrs. Reynolds, Starline by Mrs. O. Mosley, Macleod by Mrs. F. Faggett, and Standoff by Mrs. Rose. Mrs. O. Mosley represented the conference and reported for lunch, meeting again at 2 p. m. with assembly singing led by Mrs. Ross with Miss E. Craig at the piano.

The first hour was given to Girls Club work, greetings were given by Miss Margaret Fredrickson. Mrs. Mulholland gave a short address, followed by the Club reports. Jubilee City G. C. of Macleod to very active branch by Miss Hope Dillingham with a reading by Mrs. Hamilton. The Blue Bird G. BUSINESS' NEW OUTLOOK

"They run in cycles." That was the way the oldtime business man used to speak of periods of industrial depression.

It was taken for granted that any period of prosperity had to be followed by hard times, in which factories would be idle, men would be out of work and dividends would dwindle.

But a new idea is coming to the front now. Edward A. Filene, Boston merchant, voices it in the current issue of Forbes' Magazine.

"Bad times and unemployment are largely preventable," he writes. "They are natural results of the incredible waste that still exists in production and distribution, which in turn is due to faulty economic and business thinking."

Prosperity, Mr. Filene says, comes when the masses of people have good buying power; that is, when they enjoy high wages and salaries, and when the things they wish to buy are priced low. Mass production, he

points out, has made both of these situations prevail.

Yet, in spite of this, there is a good deal of unemployment. We are prosperous, yet a good many people are out of work. What is the reason for it?

Some people blame mass production itself, which has increased each worker's output so much that fewer men are needed to produce goods. Mr. Filene does not believe this.

"The truth seems to be," he writes, "that, to an important degree, it is due to the fact that there is not enough mass production and mass distribution. The businesses that are still being run in the old way turn out products that cost too much and therefore cannot be sold in competition with those made and sold by mass methods. The inefficient employers and distributors are forced out of business. Unemployment results."

Mr. Filene is quite hopeful about it. He makes the flat prediction that "employment for everyone is coming because it is clear that scientific mass production cannot live unless the masses can buy freely the goods so produced. It is obvious that the masses must be fully employed in order that any industry shall flourish permanently."

This, really, is a startlingly new viewpoint. Business leaders used to think a certain amount of unemployment a good thing. It kept wages down and lessened the chances of strikes. Now they are beginning to see that the workman's fate affects them directly. In a quite unpredictable fashion it is becoming evident that the rich man is his brother's keeper.

It seems odd to think that cold, dollars-and-cents business may bring the world closer to brotherhood and equality than several centuries of preaching and philosophizing. But this is an age of new things.

MEN AND TREATIES

Fifteen nations have signed a treaty abjuring war as a national policy. More than two score others have been invited to join and some have already indicated they will do so.

That is a fine gesture to peace. But it is not conclusive, for it does not abolish defensive war. Its fate, then, if it is ratified, will depend on interpretation rather than terminology. Meanwhile, it has been the needed dramatic incident to fasten the world's thought to peace as a definite, concrete ideal.

But men, and not words, are the highlights in this latest article. Sir Austen Chamberlain is the power behind it. Sir Austen conceived Locarno, and Locarno was the model and inspiration for the multilateral treaty.

Yet here is old world diplomatic skill. Britain and France could have framed such a treaty, but to span the Atlantic with it was another matter. Aristide Briand, France's astute foreign minister, therefore appealed to the United States, emphasizing the end desired, but leaving the means optional.

The response was the present treaty, proposed by Frank B. Kellogg, U. S. secretary of state. Britain was one of the first nations to accept it. Thus the United States, aloof by policy from European affairs, has stepped out of its tradition and of its own accord taken a leading part in those same councils.

In its framing, the anti-war treaty is a notable argument for peace. In its conception, it is a diplomatic masterpiece.

FIRST OF 1928 CROP RECEIVED AT MACLEOD ON MONDAY—COMBINES BEING USED EXTENSIVELY

The first new wheat of the 1928 crop to be delivered at Macleod was received Monday at the Pool Elevator. The wheat came from the farms of Messrs. A. E. Skelding and W. Perrin in the south and Sanderson Bros. in the north. The wheat was of a very good grade, only there were slight signs of frost in some of the loads. All this wheat was combined. Combine harvesting is taking a firm hold in the Macleod district this year, quite a number of new machines will be in operation, as a large amount of swathing is being done for combine threshing. From the reports of all the implement agents in Macleod it is believed that never before have so many binders been sold. On account of the heavy crops farmers were afraid to run the risk of cutting the crop with the old binders, as the loss of a day or two in cutting by a breakdown and waiting for repairs might mean more than the price of a new machine. Cutting is practically general all over the Macleod district this week, the bright hot weather is ripening the grain very fast. Some of the wheat is still very green, especially west in the foothills where some of it will take a good two weeks of the present weather before it is ready for the binder. All reports however state that not for many years, if ever, have such excellent crops been seen in the Macleod district. All that is necessary now is a continuance of the present weather so that the crop may be safely harvested and threshed.

MACLEOD PIT TO SUPPLY GRAVEL—WILL BE SHIPPED BY TRAIN TO POINTS BETWEEN MACLEOD AND LETHBRIDGE

With the opening up of a new gravel pit at Macleod, to the south-east of the town, the Alberta highways department is preparing to gravel the new sections of the Red Trail.

It is understood that a spur track will be run into this pit and gravel for the Pearce, Monarch and Kipp sections of the Macleod-Lethbridge contract will be shipped by train to those points and distributed from there.

There has been nothing in the way of a definite announcement that the Macleod-Pincher section of the Red Trail will be gravelled this fall, but this will depend to a large extent upon the weather.

REV. J. F. KNIGHT, M. A., B. D., INDUCED AS PASTOR OF MACLEOD UNITED CHURCH

On Thursday evening of last week, notwithstanding the holiday season, a large congregation attended the Induction Service of Rev. J. F. Knight, M. A., B. D., the recently appointed Pastor of the United Church. Officers of the Presbytery, Revs. Fairbairn and King, of Lethbridge, and Rev. Evans of Coalhurst took charge of and directed the Service, while Rev. George Kirby, B. A., D. D., President of the Conference, and Rev. L. Lewis, B. A., B. D., ex-president, gave the addresses to the Inducted Pastor and the Congregation respectively.

Dr. Kirby emphasized the essentials of a Christian Minister:—A keen and practical insight into the direction that conduct is taking that will be the future history of our age; a kindly attitude to all groups of followers of the Nazarene who are separated because of lack of insight into the great essentials of the Kingdom; a definite understanding of the interpretation all other specialized groups of students are placing upon the history of civilization, and last, and most essential, the fearless spirit of the Master in approaching all truth.

Dr. Lewis spoke to the congregation on the "Conservation of Essentials"—viz:—Conserving the truly Christian Spirit of Kindness and Forgiveness; Conserving the "New Bible" in its truest meaning and intent; Conserving the Spirit of the Larger Brotherhood that is being evidenced in all the Churches of England and Scotland and America where essential identities are being emphasized and minor differences quietly laid to rest.

Many happy and hearty greetings were extended to the minister and his family, who already seem to be meeting a real need and filling an essential place in the United Church and community of Macleod.

EVERY CITIZEN OF THIS TOWN AND EVERY RESIDENT of THE DISTRICT

is interested in the

GROWTH AND DEVELOPMENT OF THIS COMMUNITY

Remember Then That:

The business of a town is its very life-blood.

The stores and business houses are not alone for the merchants.

Prosperous merchants will make the community prosper. The more buyers there are in a town, the greater "turn over" the merchants will have, and thus the more they will be able to reduce prices and increase the quality of the goods they sell.

Thus By Trading at Home

with the home town merchants the people thus become the builders of their own community.

No True Citizen

will stunt the natural growth and expansion of his home town by fostering the mail order business of far away communities.

Buy At Home

not to help the merchants, but to help the home community and yourself.

Strange as it may seem, though most motorists dislike detours, they constantly go out of their way to go over them.

Man wants but little here below, provided he is permitted to give his definition of "little."

If he is a sheik, you may think you are marrying off your daughter when you are merely getting another free boarder.

The United States has begun printing its cut-sized paper currency but \$10,000, the largest denomination, will still be a pretty large bill.

Looks as if the Nineteenth Amendment was coming to the rescue of the Eighteenth.

Since Russia went back to vodka, blue Monday has reappeared on the Red calendar.

MACLEOD NEWS

Harry W. Bright left on Tuesday for Edmonton to attend a meeting of the Provincial Weed Board.

Miss Kathleen McNab left on Monday last for Calgary where she will attend business college.

Robert Kerr, secretary of the National Trust Co. of Edmonton, accompanied by A. R. Groff of the Edmonton Journal, passed through town Tuesday on a tour of the Southern part of the province.

W. S. Lewis, of W. G. Andrew's staff, went to Macleod Hospital last week to be operated on for an abscess. He is progressing favorably and will be back on the job in a few days.

Melville Genge, who has been spending his vacation at home left on Monday for Wainwright, where he will resume his duties with the Bank of Montreal, having recently been transferred to that point.

Mrs. H. W. Bright, accompanied by Miss D. V. Bright, went to Calgary Thursday of last week where Miss Bright has entered the Holy nursing profession. Mrs. Bright returned on Saturday.

Mrs. Archie Mitchell and her daughter Miss Grace arrived in Macleod on Saturday night from Oliver, B. C. Miss Mitchell has been appointed teacher of Olsen Creek School and commenced her duties on Tuesday. While in Macleod for a visit, Mrs. Mitchell is the guest of her sister, Mrs. H. W. Bright.

Miss Mary Sedrovic, of Dilly's Cafe staff, on Thursday received word that her father Joseph Sedrovic, had been killed that day in the coal mine disaster at Fernie, when six miners were victims of gas fumes. Mr. and Mrs. J. Sedrovic and Miss Mary Sedrovic left on Thursday evening via motor for Fernie to attend the funeral of their father.

Gordon McLeod of New Dayton spent the holiday in Macleod, the guest of his parents, Mr. and Mrs. Alex McLeod.

Roy Scott, Stand Off, on Thursday last while driving home from Macleod, was a coyote down with his car and killed it.

Mr. and Mrs. Fleury and family left for Didsbury last Tuesday after spending a couple of weeks as the guests of Mr. and Mrs. H. Little.

The Rev. Canon Merrick of Red Deer was a visitor to Macleod last week, the guest of Dr. and Mrs. A. H. N. Kennedy.

Mr. and Mrs. R. T. Barker motored to Vulcan on Saturday to spend Sunday and Monday visiting friends and relatives at that point.

O. J. Wood, district representative of the London Life, was a business visitor to Cardston and other southern points last week.

Carl Edlund, who has been relieving at the Western Natural Gas office in Lethbridge, returned to Macleod on Friday last and resumed his duties as manager of the Macleod branch.

Brother Kellicutt, of Granum Lodge (B. P. O. E.) is receiving numerous congratulations from the Hello Bills in District No. 1, on his recently joining the ranks of the Benedictine. The Macleod Times takes this opportunity of tendering their best wishes to Mr. and Mrs. Bert Kellicutt for future happiness and prosperity.

Willard Long, Leo Noel, Al West, J. Dillingham, Mel Genge, Dave Dunbar, Sie McDonald and W. Hamilton went to Cardston Thursday last to see the ball game between Cardston and Carstairs (second game of finals for Intermediate Base Ball Championship of the province) and which Cardston won by a score of 8-3.

Glenwood News

There was an almost steady down-pour of rain from Friday night until Monday morning, but the clouds are now breaking and it appears that the weather is clearing.

Miss Redig of the Raymond school of Agriculture was in Glenwood Thursday and Friday giving demonstrations and illustrated lectures on cooking, preserving, and interior decoration.

Mrs. S. H. Thomas left for Calgary Thursday to visit her daughter Mrs. Frank Chapman.

A son was born to Mr. and Mrs. T. Law on Monday, August 20th at the Cardston hospital.

Loran Nelson will teach school near Bow Island this year. He is moving his family there this week.

The Glenwood school will open September 10th.

Clarence Wight has been appointed agent of the new Ogilvie elevator here.

The Glenwood School will start on Tuesday, September 4th, instead of Monday, September 10th as previously reported.

Harvesting is in full swing, with the grain ripening rapidly. Farmers are working early and late to get the grain down while the good weather lasts.

Bert Quinton and family returned from Calgary this week.

Ivan Nelson purchased a small plot of land from Glen Wood this week and has started to erect a house there.

Mrs. Cyril Layne who has been in Stirling for the past two weeks returned home last Wednesday.

Mr. and Mrs. Elgin Peterson of Stirling were week-end visitors to Glenwood, visiting with Mr. and Mrs. E. Layne, the parents of Mrs. Peterson.

Mr. and Mrs. G. M. Butler, and Mr. and Mrs. Alvin Nelson motored to Claresholm Saturday evening, returning Sunday evening.

Loran Nelson and family moved from Glenwood Thursday. Mr. Nelson will teach school near Bow Island during the coming year.

Mr. and Mrs. E. J. Leavitt, Mrs. A. Leishman, and Mrs. J. Prince returned Wednesday from a motor tour through Idaho and Utah.

A bridal shower was given Miss Wanda Leavitt Monday night. She was the recipient of many useful and beautiful gifts.

STAND OFF WOMEN'S INSTITUTE JUNIOR GIRLS' GUILD GIVES ENTERTAINMENT

The Junior Girls' Guild of the Stand Off Women's Institute recently gave a delightful entertainment at the Hazelmere School House. They presented a varied and most interesting program which was a great credit to the young folks. The school was filled, there being about 80 present and everyone declared that it had been a most enjoyable entertainment, and hoped that the girls would come again soon.

W. H. Shield, M. L. A., the genial member for Macleod, was present and gave a short but interesting address on "The General Financial Address of Alberta." The program was as follows: Piano Solo, Mabel Herd; song, Dorothy Carruthers; recitation, Mildred La Fay; dialogue "The Ghost in the Kitchen"; Piano solo, Mrs. Kirkland; duet, Misses Hiner; monologue, Agnes Cyr; dialogue, "Please Pass the Cream"; recitation, Edna Johnson; speech by Mr. Shield.

The school was beautifully decorated for the occasion by the girls, they also served refreshments bringing to a close a most enjoyable gathering.

War may spread like wildfire, but the Kellogg peace proposals have kindled a kinder blaze which should be fanned to such a bright glow, that by its steady light nations of the world shall be able to follow clearly the road to peace.

MACLEOD HIGH AND PUBLIC SCHOOLS OPENED FOR FALL TERM ON TUESDAY—A. J. E. LIESIMER, B. A., IS NEW PRINCIPAL

The Public and High schools of Macleod opened Tuesday for the fall term with a large enrollment of pupils and a full staff of teachers.

Considerable change has been made in the arrangement of the school, all the classes of both Public and High schools now meet in the one building. For a number of years grade 9 of the High School has been taught in the Public School by the principal of the Public School and the grades 10, 11 and 12 were taught in the two-room High School. On the resignation of the principal of the Public School at the close of the last term, the Board decided to amalgamate the two schools in the one building, there being two vacant rooms in the Public School, and appointing one principal for the whole school.

There are three new teachers for the High School section, who come to Macleod with very high recommendations for the special subjects they have to teach. A new teacher has also been engaged for grade 8, this being the only vacancy on the Public School section, Mr. Mair, who will act as Vice Principal of the school. The following are the members of the staff: High School—Aylemer J. E. Liesimer, B. A., principal; Miss Elsie Telford, B. A.; Miss Harriet Stewart, B. A. Public School—C. M. H. Mair, grade 8 and Vice Principal; Miss Kirk, grade 7; Miss Tabor, grade 6; Miss Griffin, grade 5 and senior 4; Miss Martin, junior 4 and grade 3; Mrs. Grady, grade 2; Miss Bloomer, grade 1.

No less than 8 students from Macleod High School of last term left yesterday morning for the Calgary Normal School to train for the teaching profession, which fact shows that the Macleod School is keeping up its reputation for giving its students a thorough and efficient education. It is also a significant fact that no less than twelve students who passed through the Macleod High School are now occupying positions in the Macleod School and Rural Schools of the Macleod district.

The Separate School of Macleod was also re-opened Tuesday morning with Miss Gillis in charge. Miss Gillis is also a new teacher for Macleod, and comes with first class recommendations.

REGULAR MEETING MACLEOD TOWN COUNCIL

The regular meeting of the Town Council was held at the Town Hall on Tuesday evening last. When Mayor McDonald called the meeting to order the following councillors were present: A. McLeod, W. A. Day, C. W. Stevens, W. O. Hoodless and C. E. Tweed.

The Mayor presented the report of his attendance at the meeting of the directors and representatives of the Western Natural Gas Company, which was held in Calgary last week. Mr. McDonald appeared at this meeting on behalf of the Town of Macleod, and he informed the Council that the Company had agreed upon a five cent reduction on the present domestic gas rate making the charges 33 cents in the place of 38c. It is surmised that new rate will be effective from October 1st.

The residence on the north side 21st Street and Lot 12 were sold to Mr. Frederick Crowson.

The house situated on Lot 1 south side of 29th Street was sold to Mr. H. W. Stevenson.

The Empress Theatre was given permission to erect a bill board between the Rest Room and Lemire's Store at an annual rental subject to the approval of the Works and Property Committee.

CLARESHOLM-MACLEOD TENNIS TOURNAMENT

On Monday afternoon, Labor Day, the Claresholm Tennis Club returned the recent visit of the Macleod Club to Claresholm. Eighteen Claresholm players and some ten or twelve visitors arrived sharp on time at one p. m. and play was almost continuous till darkness forced friendly combat to cease. Honors were a little in favour of the visitors. It was agreed by all that they were fine "fellows" and a joy to meet. "Fellows" includes the lady players, who proved themselves clever players and real sports. After the games the Macleod Tennis Club entertained the visitors at an informal dance in the Parish Hall. Visitors and Macleod players enjoyed the games and the dance, all declaring that it had been a day well spent. The results of the play are as follows:

Ladies Doubles

Miss A. Tabor and Miss G. McLeod (Macleod) 3 vs. Mrs. Munro and Mrs. McPhee (Claresholm) 7.

Mrs. King and Miss G. Foster (Claresholm) 6 vs. Mrs. M. Dowsett and Miss Kirk (Macleod) 7.

Mrs. J. H. Thorne and Mrs. McPhee (Claresholm) 7 vs. Miss Kirk and Miss A. Tabor (Macleod) 4.

Miss B. McNab and Miss J. Ringland (Macleod) 5 vs. Miss F. Foster and Miss G. Foster (Claresholm) 7.

Gentlemen's Doubles

J. Young and J. L. Fawcett (Macleod) 7 vs. J. Clarke and B. Webber (Claresholm) 3.

T. B. Armstrong and R. Davis, (Macleod) 7 vs. J. H. Thorne and G. Brookes-Avey (Claresholm) 5.

A. Graham and D. E. Smith (Macleod) 7 vs. Messrs Cruickshanks and Buchanan (Claresholm) 6.

T. B. Armstrong and M. Dowsett (Macleod) 6 vs. J. H. Thorne and J. W. McPhee (Claresholm) 7.

E. Charlton and Struther (Macleod) 3 vs. Messrs Webber and Crummy (Claresholm) 7.

D. E. Smith and A. Graham (Macleod) 6 vs. Coultas and Stewart (Claresholm) 7.

J. L. Fawcett and E. Charlton (Macleod) 7 vs. Messrs Urselman and Coultas (Claresholm) 5.

Mixed Doubles

T. B. Armstrong and Miss Kirk (Macleod) 7 vs. Coultas and Miss F. Foster (Claresholm) 5.

J. L. Fawcett and Miss A. Tabor (Macleod) 3 vs. Mr. and Mrs. Thorne (Claresholm) 7.

Mr. and Mrs. Dowsett (Macleod)

6 vs. Clarke and Mrs. McPhee (Claresholm) 7.

Graham and Miss Ringland (Macleod) 7 vs. Urselman and Miss M. McNab (Claresholm) 3.

Davis and Miss Swinerton (Macleod) 2 vs. Hillerud and Miss F. Foster (Claresholm) 7.

McPhee and Mrs. King (Claresholm) 7 vs. Young and Miss B. McNab (Macleod) 1.

Charlton and Miss McLeod (Macleod) 3 vs. Crummy and Mrs. Thorne (Claresholm) 7.

Graham and Miss Ringland (Macleod) 4 vs. Webber and Mrs. Munro (Claresholm) 7.

K. Ringland and Miss McNab (Macleod) 6 vs. Cruickshank and Miss McMillan (Claresholm) 7.

McPhee and Mrs. Munro (Claresholm) 5 vs. Mr. and Mrs. Dowsett (Macleod) 7.

Canada's Market — The Empire

ROLL down the map of the world. Follow the British Empire red through the continents and across the seas. There you see beckoning markets for Canada—where fewer trade restrictions intervene, where British tradition is appreciated, where Canada is known. There we can sell. There we can also buy.

Canada is buying more Empire goods than ever before—things we cannot grow or make—raw materials for our factories. Since 1922 Canada's imports from Empire countries have increased 67 per cent. Last year we bought Empire goods to the value of \$250,000,000.

And what is Canada selling the Empire? Last year we shipped \$500,000,000 worth of our products to other British lands, an increase of 44.3 per cent. in six years.

The various parts of the Empire want more Canadian goods. A demand exists among them for Canadian manufactures, or for the products of Canadian lands or waters. But we must see that our exports are maintained at a rigid standard, that they are packed as consumers desire, and that our prices are right.

To encourage this growing Empire trade, eleven of Canada's twenty-four Trade Commissioners abroad, are working in Empire centres. They are familiar with the demands of the people among whom they live. Their services and the information they gather are at the command of any Canadian producer or exporter. To get into touch with Trade Commissioners, write the Commercial Intelligence Service, Department of Trade and Commerce, Ottawa.

When you buy Empire goods, you do a part in making possible greater Canadian exports to these sister countries. Where we sell, we must also buy.

THE WHITE HALL

(OPERATING THE CHILD'S SAVING PLAN)

LOCAL AND PERSONAL NEWS

W. Fleming was a Waterton Lakes visitor over the holiday.

R. Dixon was a business visitor to Barons on Thursday last.

Indian Agent Arthur, of the Pelican Agency, was a visitor to Macleod last week.

Mr. and Mrs. W. Hinde, of Calgary, were week-end visitors with Mr. and Mrs. Harry W. Bright.

Joe Horn, formerly of Macleod and now of Calgary spent the week-end in Macleod.

Ernie Cudd, head salesman for the Studebaker cars, was a business visitor to Macleod on Friday and Saturday last.

William Kelly, manager of the Famous Lady (Calgary) Branch, was a business visitor to Macleod on Friday last.

Arthur Young and G. Robertson (Lethbridge) left for a week-end fishing excursion on Saturday and returned on Monday with a nice mess of trout and cragling.

Miss Gertrude Martin returned last week from an extended visit with relatives and friends at Hamilton, and has resumed her duties on the teaching staff of Macleod School.

Mrs. C. Rogers (nee Edith Thewley) who has been a patient at the Macleod Hospital for the past few weeks, is able to be around again and her many friends are more than delighted at her recovery.

Crops in and around Macleod are more promising than expected according to the reports of the several farmers who have already cut their crops. In the south country around Ardenville, Standoff, Ewell and Hallowell there is no doubt the results of threshing will be far larger than expected. Eddie Nathan, who is now busy getting down four hundred acres of wheat, on a conservative estimate figures it will average around forty bushels to the acre, and he is only one of the many who claim the same thing. The north and east districts are also going out after the big yields and in spite of the damage in the Macleod district by hail, it is going

to be one of the best years known in the district's history.

G. C. Shapter, of Granum, was a visitor to Macleod on Thursday of last week.

Mrs. George Chugge and the children are visiting relatives in the neighborhood of Granum.

Mr. and Mrs. G. D. Radice, of Granum, were visitors to Macleod on Friday of last week.

Gust Mullen, of Ottawa, was the guest of Mr. and Mrs. H. Little one day last week between trains.

Gene Long of the U. G. G. staff in Calgary was a week-end visitor with his parents, Mr. and Mrs. W. O. Long.

Mrs. C. H. Gilroy, and daughters, Misses Gladys and Betty, have returned from Moncton, New Brunswick, where they have been visitors for the summer months.

The Scotch element in Macleod enjoyed the catch concert given over the radio on Saturday and Sunday evening. All the Maes, Jocks, Ales, Sandys and Jamies claimed it was the loveliest music heard over the radio for many a long time.

The wily trout were given the time of their sweet lives this week-end when C. P. McIlhenny, Frank Frey and the redoubtable Harry Gilroy proceeded to their fair on Sunday last and hooked enough of the finny specimens for a real fry and a few to bring home. They reported a grand time in the hills.

The Rev. J. Hyde, who is holding a series of devotional services at the Presbyterian Church, commencing Sunday next, is a convert of the great evangelist Dr. D. L. Moody. Mr. Hyde, who is a veteran of the South African Boer War, also has several years' active service in the late war both as an officer of the A. M. C. and as chaplain. He is an Irishman by birth, and he has been connected with the Presbyterian Church in British Columbia for the past twenty years. He is a forceful speaker, and his series of lectures

ST. ANDREW'S PRESBYTERIAN CHURCH

The Rev. James Hyde, of Vancouver, is occupying the pulpit of the Presbyterian Church during September. His subjects next Sunday, Sept. 9th, will be:

Morning—"Is the Bible What it Claims to be, Inspired and Infallible." Text—2nd Tim. 3:16.
Evening—"Christ's Three Appearances, as Prophet, Priest and King." Text—Heb. 9:24.

Beginning Monday evening Sept. 10th, till Friday evening, Sept. 14th, at 7:45 Mr. Hyde will preach on "Prophetic Themes for Perilous Times."

Monday evening—"The Profit and Comfort Derived from Prophetic Study."
Tuesday evening—"The Coming of Christ, Zion's Hope."
Wednesday evening—"The State of the World When He Comes."
Thursday evening—"The State of the Church When He Comes."
Friday evening—"What will Happen After the Church is Taken Away?"

The public are cordially invited to attend.

LETHBRIDGE & MACLEOD

The Canadian General Electric Company

Don't lose the thrill of the American election speeches which are now coming over the air. We have just received our first shipment of new batteries, aerials, insulators, etc., and are well equipped to supply your radio needs.

Batteries are away down this year as the following prices will show:
Heavy duty 45 volt No. 770 Eveready \$5.00
Laychill Eveready 45 volt 5.50
Laychill 22 1/2 volt 2.10
6 volt 100 ampere hour wet batteries at \$15.50

These are Manufacturers' prices.
We are agents for Canadian General Electric Radios, both Battery and Batteryless Sets. These are without doubt the best radios on the market today, simplified so that even a child can run them.

John T. Doney
Jeweler and Optician.
